ILLINOIS
SCHOOL
REPORT
CARD

GRADES : K 1 2 3 4 5

State and federal laws require public school districts to release report cards to the public each year.

Starting in 2009, charter school information is included in district statistics.

STUDENTS

RACIAL/ETHNIC BACKGROUND AND OTHER INFORMATION

	White	Black	Hispanic	Asian	Native Hawaiian /Pacific Islander	American Indian	Two or More Races	Percent Low-Income	Percent Limited-English-Proficient	Percent IEP	High Sch. Dropout Rate	Chronic Truancy Rate	Mobility Rate	Attendance Rate	Total Enrollment
School	87.7	0.7	5.8	4.2	0.0	0.2	1.4	2.6	0.7	17.2		0.0	3.1	96.6	571
District	82.0	1.4	9.7	4.8	0.1	0.4	1.6	12.8	3.6	14.9		0.2	5.1	95.4	13,836
State	51.4	18.3	23.0	4.1	0.1	0.3	2.8	48.1	8.8	14.0		3.2	12.8	94.0	2,074,806

Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

IEP Students are those students eligible to receive special education services.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

Total Enrollment is based on Home School.

INSTRUCTIONAL SETTING

				TOTAL	\$165,690,509		

OTHER FINANCIAL INDICATORS				
	2008 Equalized Assessed Valuation per Pupil	2008 Total School Tax Rate per \$100	2009-10 Instructional Expenditure per Pupil	2009-10 Operating Expenditure per Pupil
District	\$275,343	4.09	\$6,332	\$11,588
State	**	**	\$6,773	\$11,537

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics, and science.

OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Economically Disadvantaged														

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 85% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 85% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. At least 91% attendance rate for non-high schools and at least 82% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2010.

** Safe Harbor Targets of 85% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

Bell-Graham Elementary School Improvement Plan for 2011-2012

The mission at Bell-Graham School is to foster a reflective and joyful learning community where students respect diversity and use their hearts and minds to positively impact the world and set the course for their life long journeys. Through a process of collaborative problem-solving, the Bell-Graham learning community works to improve the performance of each student. This “School Report Card” has been compiled by the Illinois State Board of Education as a means by which school districts communicate local and statewide information to the public. The No Child Left Behind Act of 2001 (NCLB) requires states to establish annual achievement targets which are used to calculate Adequate Yearly Progress (AYP). The purpose of this “School Report Card” is to communicate the school’s and district’s performance under the annual targets. Our goal is to provide all students an education that helps them both academically and emotionally.

Findings for the Improvement Plan

The School Improvement process at Bell-Graham begins with an analysis of all available data structures. From individual student to grade level and district assessments, areas are identified for further professional development and targeted growth. These various pieces of data can be seen as pieces of a puzzle; meaningful individually but possessing greater clarity when put together to see the collective picture. The Illinois Standards Achievement Test (ISAT) is one piece of data. This exam measures student performance against a fixed set of learning standards developed by the State of Illinois. This past spring, ISAT tests were given to our third, fourth, and fifth grade students. At grade three, 90% of our students met or exceeded standards in reading and 96% in math. At grade four, 93% of our students met or exceeded standards in reading and 96% in math. Fourth grade students also took the science tests with 97% of students meeting or exceeding standards. At fifth grade, 96% of our students met or exceeded standards in reading and 98% of our students met or exceeded standards in math. The federal law “No Child Left Behind” requires that all schools meet or exceed set standards, which we have done. A new tool to the District is the Acuity Assessment System. This assessment offers both predictive and diagnostic academic information. Student performance will be utilized to determine progress towards state as well as the updated Common Core standards. Teachers continually assess student work both through classroom and grade level assessments. This assessment data helps teachers make informed decisions about instruction. The teaching staffs at Bell-Graham work in Professional Learning Communities to identify areas for further improvement and enrichment. In addition, grade level Data Team meetings are held every 4-6 weeks to further analyze and identify interventions and data needed to ensure ongoing student success.

Goals for the Current Year

The Bell-Graham School Improvement Team analyzed the data to determine strengths and areas of improvement. Based on their work, the Bell-Graham School Improvement Plan was developed to focus on three goals:

- Creating a positive learning environment where all stake holders demonstrate:
 - Respect for self
 - Respect for others
 - Respect for the environment
 - Understanding of how to prevent and report bullying
- Increase communication regarding the work of the learners at Bell-Graham
- Create and utilize problem-solving structures to ensure the ongoing success of all students in both social/emotional and academic areas.
- Gain knowledge of evidence based instructional practices to maximize each students learning and ensure they are prepared for their next level of educational experience
 - Increase use of technology
 - Increase critical thinking and deepen cognitive engagement

Professional development is imbedded in every aspect of the Bell-Graham learning community. Professional Learning Communities target areas for both grade level and building growth. The goal areas outlined above are the focus of School Improvement and Institute day activities. Data collection and planned time to review and analyze this information are built into the calendar at both the grade and building level. This information is utilized to ensure students are receiving the supports and services necessary to maximize their learning.
