**Low-income** students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

**Limited-English-proficient** students are those students eligible for transitional bilingual programs.

**Mobility rate** is based on the number of times students enroll in or leave a school during the school year.

**Chronic truants** are students who are absent from school without valid cause for 18 or more of the last 180 school days.

## SCHOOL DISTRICT FINANCES

### TEACHER/ADMINISTRATOR SALARIES (Full-Time Equivalents)

Salaries and counts of staff are summed across a district based on the percentage of time that each individual is employed as a teacher or an administrator and may or may not reflect the actual paid salaries for the district.

\*\* Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

**Equalized assessed valuation** includes all computed property values upon which a district's local tax rate is calculated.

**Total school tax rate** is a district's total tax rate as it appears on local property tax bills.

**Instructional expenditure per pupil** includes the direct costs of teaching pupils or the interaction between teachers and pupils.

**Operating expenditure per pupil** includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

## ACADEMIC PERFORMANCE

### OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics, and science.

The 2007-08 school year was the first time that Limited English Proficient (LEP) students took the ISAT or PSAE (with accommodations) instead of the IMAGE test. Therefore, any comparisons with prior year's achievement levels for LEP students should be made with appropriate caution.

**OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE**

**ISAT PERFORMANCE**

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

## PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

### ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

**Four Conditions Are Required For Making Adequate Yearly Progress (AYP):**

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 70.0% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 70.0% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. \*\*\*
3. For schools not making AYP solely because the IEP group fails to have 70.0% meeting/exceeding standards, 14% may be added to this variable in accordance with the federal 2% flexibility provision.
4. At least 90% attendance rate for non-high schools and at least 78% graduation rate for high schools.

\* Includes only students enrolled as of 05/01/2008.

\*\* Safe Harbor Targets of 70.0% or above are not printed.

\*\*\* Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

## **Corron Elementary School Improvement Plan for 2009 - 2010**

Corron Elementary School is in its seventh year of serving the students of South Elgin in School District 303. We are committed to creating a community of reflective, responsible, self-motivated learners willing to take risks as we work to achieve our goals. On our journey of discovery, we will show compassion and RESPECT for ALL!

This "School Report Card" has been compiled by the Illinois State Board of Education as a means by which school districts communicate local and statewide information to the public. The *No Child Left Behind Act of 2001 (NCLBA)* required states to establish annual achievement targets which are used to calculate Adequate Yearly Progress (AYP). The purpose of this "School Report Card" is to communicate the school's and district's performance on the annual targets. In School Year 2008-2009, Corron Elementary achieved Adequate Yearly Progress (AYP) under the Federal No Child Left Behind Act. Corron was also recognized by the Illinois State Board of Education for sustained school excellence over the last three years and was awarded the Academic Excellence Award.

### **Findings for the School Improvement Plan**

The Corron School Improvement Team met this summer to analyze data on student achievement and performance. We used preliminary results from the Illinois Standards Achievement Test (ISAT), Tungsten Formative Assessments, and our District Affective Survey.

Students in Grades 3 and 5 participated in the ISAT Reading, Writing, and Math Tests. Students in 4<sup>th</sup> Grade were evaluated in Reading, Math, and Science.

3<sup>rd</sup> Grade Students performed above the state average in reading and above district and state averages in math. 87.4% of 3<sup>rd</sup> Graders met or exceeded standards in reading. 96.2% met or exceeded standards in math.

4<sup>th</sup> Grade Students scored above the district and state averages in all areas. 94.6% of 4<sup>th</sup> Graders met or exceeded standards in reading. 97.8% met in math. 100% of Corron 4<sup>th</sup> Graders met or exceeded standards in science.

5<sup>th</sup> Grade Students performed above the district and state averages. 94.1% met or exceeded standards in reading. 99% met or exceeded standards in mathematics.

### **Goals for the Current School Year**

Our school improvement team chose to focus our work in three primary areas:

- Improving reading and math performance for students at-risk of not meeting standards on the ISAT test so that 100% would meet standard.
- Improving writing performance on the ISAT Writing Test by 5% through focus on the areas of support and organization.
- Increasing student perception of safety on the playground by 5% on the District Affective Survey.

To accomplish these goals, grade level professional learning communities will meet weekly to consider formative assessment data. They will identify students at risk of not meeting standards, as well as, what skills need to be targeted. Intervention strategies will be put in place to meet the needs of these students. Teachers will continue to monitor student response to these interventions and progress towards state standards. Staff development in writing is ongoing through whole staff training, team teaching and individual coaching. Finally, student respect and responsibility will be emphasized through school and individual student goal setting in the areas of Being, Doing, and Giving Our BEST.
