Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

IEP Students are those students eligible to receive special education services.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

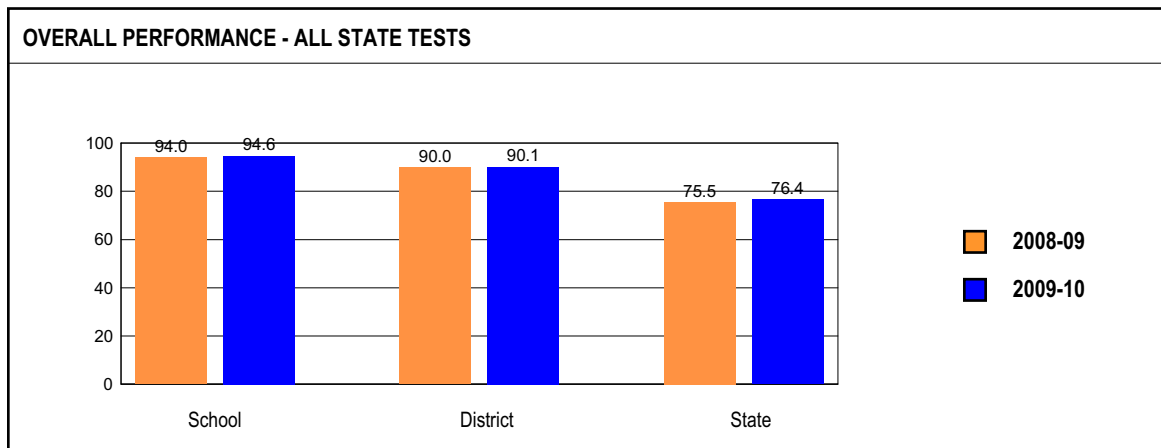

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

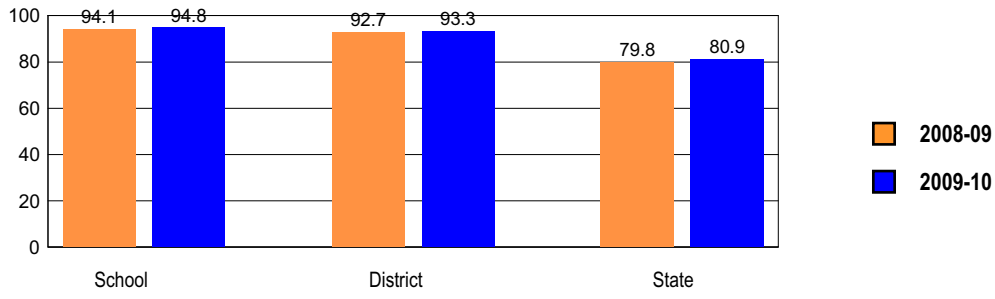

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics, and science.

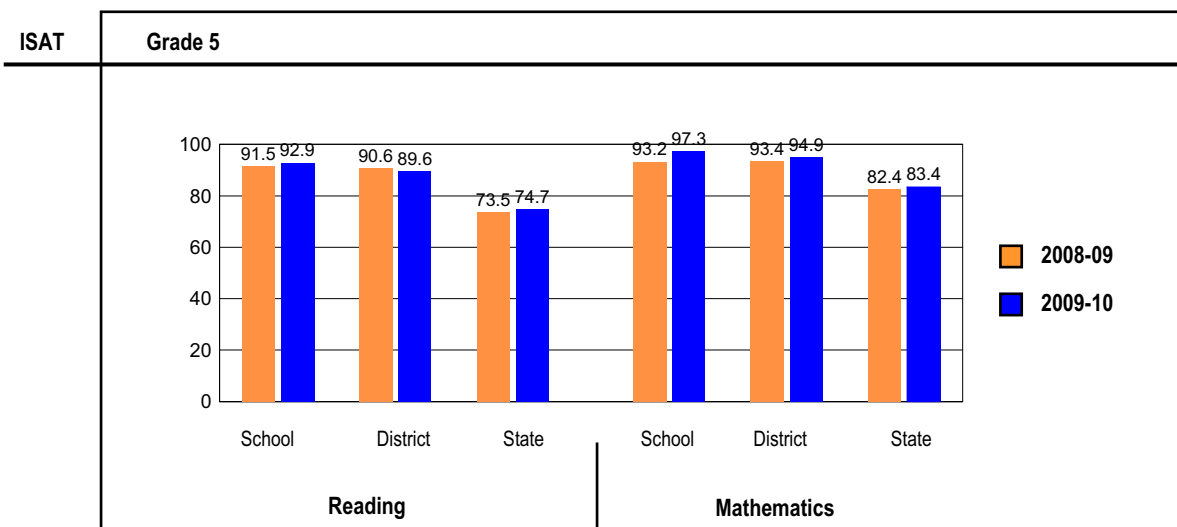

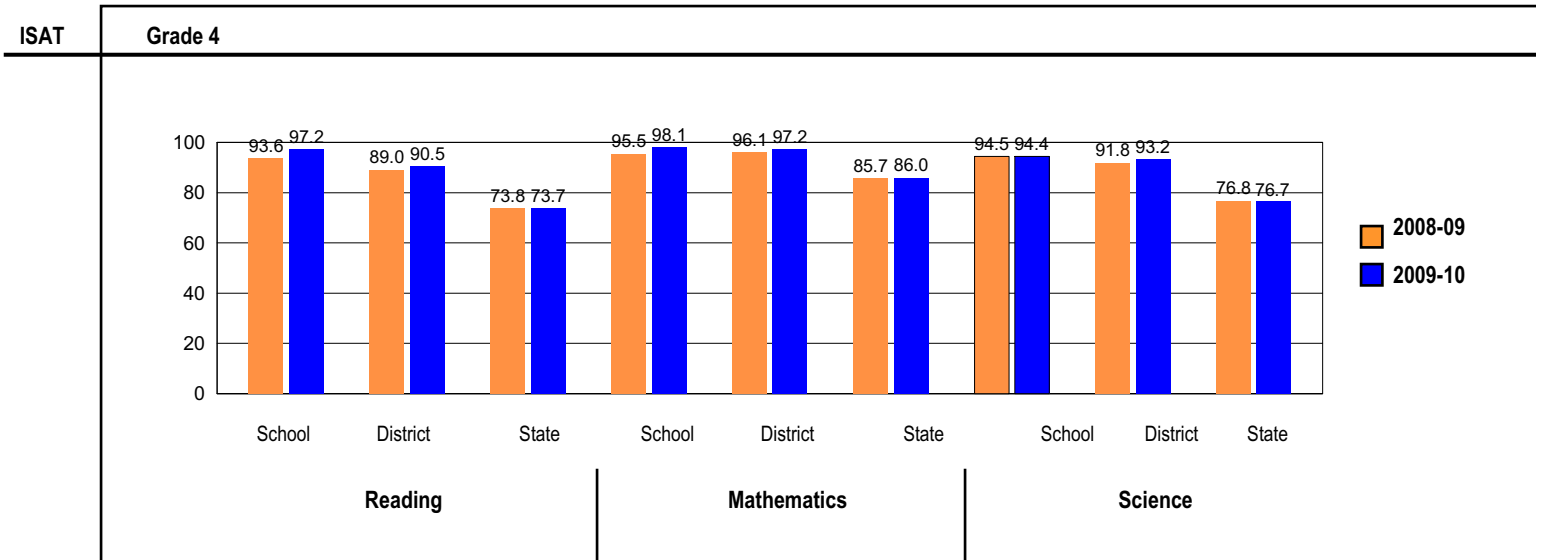

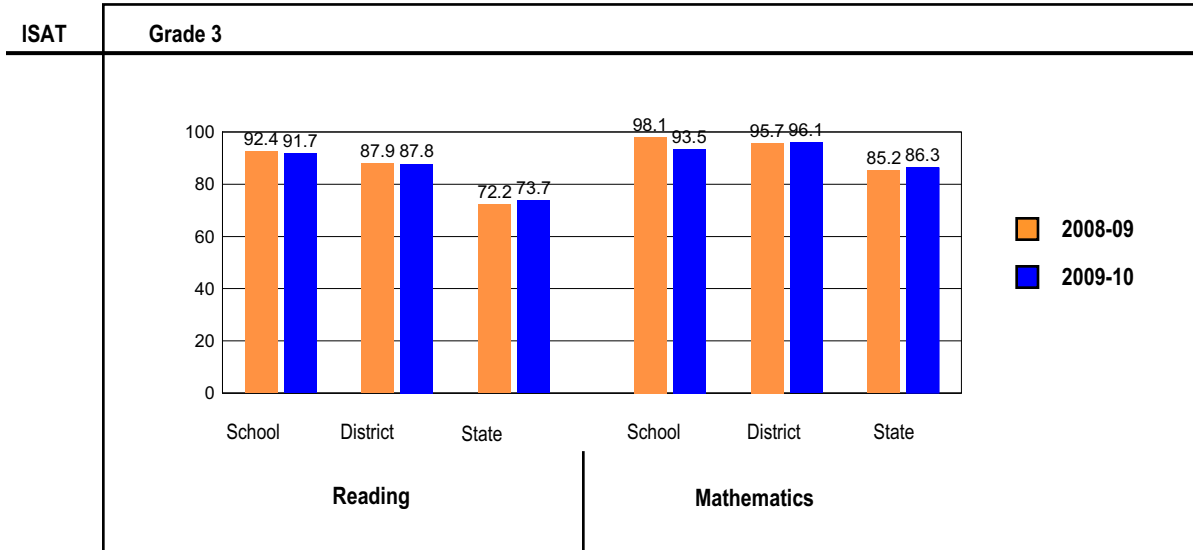

OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 77.5% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 77.5% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. At least 91% attendance rate for non-high schools and at least 80% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2009.

** Safe Harbor Targets of 77.5% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

Ferson Creek Elementary School Improvement Plan for 2010-2011

The Illinois State Board of Education, as a means by which school districts communicate local and statewide information to the public, has compiled this "School Report Card." The No Child Left Behind Act of 2001 (NCLBA) requires states to establish annual achievement targets which are used to calculate Adequate Yearly Progress (AYP). The purpose of this "School Report Card" is to communicate the school and district's performance on the annual targets.

The mission of Ferson Creek Elementary School is to provide a school environment that will allow the whole child to develop. During the 2009 - 2010 school year, the Ferson Creek learning community set their path toward excellence by focusing on the performance areas of support and organization for writing, the development and implementation of an Intervention & Enrichment program, and the implementation of a single-focus Service Learning program to support and extend student affective learning.

Findings for the Improvement Plan

Implementation of Professional Learning Communities, a focus on support and organization in writing, the creation of an Intervention & Enrichment program, and application of single-focused Service Learning has supported the learning community at Ferson Creek Elementary School. For the 2010 - 2011 school year, the Illinois Standards Achievement Test (ISAT) and various district assessments were analyzed and triangulated in order to make data-based decisions about our initiatives and student learning. The ISAT results from the spring of 2010 indicate the following:

- Grade 3 performance stabilized at 92% in Reading, declined four percent to 94% in Mathematics, and declined four percent to 83% in Writing.
- Grade 4 performance improved four percent to 98% in Reading, and improved four percent to 99% in Mathematics.
- Grade 5 performance improved three percent to 94% in Reading, increased five percent to 98% in Mathematics, and declined five percent to 61% in Writing.

Goals for the Current Year

The following student performance goals guide our efforts this year:

- Students and teachers will identify, create and assess writing samples that have strong support and organization.
- Staff will broaden their own efficacy in writing by participating in a Writing Workshop process throughout the year.
- Students and staff will showcase their writing and their understandings of SDMPs by participating in a Writer's Theater process.

Through grade level Professional Learning Communities, teachers will:

- develop a common understanding of support and organization writing strategies;
- use models of strong and weak writing samples to improve student writing;
- implement student directed self-assessments for Writing;
- target instructional practices based on student strengths and needs; and
- implement Social Decision Making/Social Problem Solving (SDM/SPS) strategies to enable respectful and safe interactions.
