Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

IEP Students are those students eligible to receive special education services.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

Total Enrollment is based on Home School.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics, and science.

OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 85% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 85% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. At least 91% attendance rate for non-high schools and at least 82% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2010.

** Safe Harbor Targets of 85% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

Fox Ridge Elementary School Improvement Plan for 2011-2012

The “School Report Card” has been compiled by the Illinois State Board of Education as a means by which school districts communicate local and statewide information to the public. The No Child Left Behind Act of 2001 (NCLB) requires states to establish annual achievement targets which are used to calculate Adequate Yearly Progress (AYP). The purpose of this “School Report Card” is to communicate the school’s and district’s performance on the annual targets.

The mission of Fox Ridge Elementary School Community is dedicated to empowering each other, and ensuring students become responsible, respectful, and contributing members of the world, who will reach their highest potential by thinking critically, communicating effectively, and acting with integrity. Our goal is to provide all students with an education that will support them academically and emotionally.

Findings for the Improvement Plan

The School Improvement Team meets each summer to analyze our data on student achievement and performance. We used the information from the Illinois Standards Achievement Test (ISAT), Illinois Snapshots of Early Literacy (ISEL), Cognitive Abilities Test (CogAT), and our District Affective Survey.

- In Grade Three 88% of the students met or exceeded standards in reading and 97% met or exceeded in math.
- In Grade Four 88% of the students met or exceeded standards in reading and 96% met or exceeded in math. In addition, 92% met or exceeded in Science.
- In Grade Five 91% of the students met or exceeded in reading and 92% met or exceeded in math.

Goals for the Current Year

Our School Improvement Team chose to focus our work in two areas:

- Increase the percentage of all students that meet and exceed standards on the reading ISAT by 3% by focusing on effective instructional and assessment practices.
- Increasing student self perception in increasing awareness of caring for self and others by 1% on the District Affective Survey

To accomplish these goals, Fox Ridge staff will continue to meet in Professional Learning Community teams to identify target students, analyze data, create learning goals, and develop action plans. Teachers will continue to progress monitor student progress toward state standards and D303 core curriculum. Staff development for improving instruction in literacy and understanding caring for self and others is ongoing through presentations, whole staff training, grade level and individual coaching. Parents will be involved through our Curriculum Nights, Parent information evenings, reading strategy training and interventions. We will continue to use our mission statement and implement strategies from Social Decision Making and Problem Solving to support all students.
