Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

SCHOOL DISTRICT FINANCES

TEACHER/ADMINISTRATOR SALARIES (Full-Time Equivalents)

Salaries and counts of staff are summed across a district based on the percentage of time that each individual is employed as a teacher or an administrator and may or may not reflect the actual paid salaries for the district.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics and science.

OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Measure of Annual Growth in English (IMAGE) is administered to limited-English-proficient students. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.

Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.

Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.

Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 55.0% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 55.0% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. For schools not making AYP solely because the IEP group fails to have 55.0% meeting/exceeding standards, 14% may be added to this variable in accordance with the federal 2% flexibility provision.
4. At least 90% attendance rate for non-high schools and at least 72% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2006.

** Safe Harbor Targets of 55.0% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

Fox Ridge Elementary School Improvement Plan for 2007-2008

This “School Report Card” has been compiled by the Illinois State Board of Education as a means by which school districts communicate local and statewide information to the public. The No Child Left Behind Act of 2001 (NCLBA) requires states to establish annual achievement targets which are used to calculate Adequate Yearly Progress (AYP). The purpose of this “School Report Card” is to communicate the school’s and district’s performance on the annual targets.

The mission of Fox Ridge Elementary School is to provide an appropriate education where all students attain academic excellence and live with high ethical conduct. During the 2007-2008 school year, the staff, parents, and administration of Fox Ridge School will continue our efforts to work together to improve our school and the academic achievement of our students. This report is a summary of our findings upon which our School Improvement Plan is based and the goals for our school during the current year.

Findings for the Improvement Plan

The School Improvement Team looked at a number of sources as we focused on our academic goals. We explored data from the Illinois Standards Achievement Test (ISAT), Tungsten, Cognitive Abilities Test, Developmental Reading Assessment (DRA-II) and classroom assessments. This past spring, on the ISAT standards-based assessment, at grade three, 92% of our students met or exceeded standards in reading and 100% in math. At grade four, 95% of our students met or exceeded standards in reading, 99% of our students met or exceeded standards in math, and 100% of our students met or exceeded standards in science. At grade five, 92% of our students met or exceeded standards in reading with 99% meeting or exceeding standards in math. The School Improvement Team will continue to look at data over time to identify positive trends or patterns and areas that have room for improvement.

Goals for the Current Year

For the 2007-2008 school year, the Fox Ridge School Improvement Team affirmed the academic goals of increasing the overall school performance on ISAT reading by 1.14% and ISAT math by 0.5%. Our action plan to achieve these goals encompasses several activities. We will continue the school-wide vocabulary initiative in order to increase reading comprehension. In addition, teachers will enhance instruction in theme, implicit and explicit questioning, and enhance students’ understanding and use of reading strategies. Teachers will identify and teach a variety of methods on response to reading and writing. Fox Ridge will hold a first grade Literacy Night to inform and work cooperatively with parents. We will use our Curriculum Nights to share reading strategies with the parents. In regard to the math goal, teachers will focus on enhancing the understanding of measurement, algebra, and data analysis. Both our reading and our math goal will be communicated to students and parents.

To achieve success in the affective domain, Fox Ridge staff will continue to work collaboratively with parents. With students, teachers will focus on defining and understanding the feeling of being safe on the bus.
