Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

IEP Students are those students eligible to receive special education services.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

Total Enrollment is based on Home School.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics, and science.

OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 85% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 85% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. At least 91% attendance rate for non-high schools and at least 82% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2011.

** Safe Harbor Targets of 85% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

Lincoln Elementary School Improvement Plan for 2012-2013

This "School Report Card" has been compiled by the Illinois State Board of Education as a means by which school districts communicate local and statewide information to the public.

The mission statement of Lincoln School is *People, Our Pride; Learning, Our Pledge; Integrity, Our Core*. The Lincoln community of staff, students, and parents continue to work toward our goals focusing upon ALL students learning at high levels, increasing achievement and success for every student, and to move more students from meeting expectations to exceeding expectations.

Findings for the Improvement Plan

Our 2012- 2013 School Improvement Plan is based partially on the following information that was collected during the 2011-12 school year. The foundation of our plan for school improvement was driven by state, district, and school testing results, as well as teacher and parent perception data. The following tables identify the percentage of 3rd-5th graders at Lincoln School who met or exceeded expectations on the Illinois Standards Achievement Test in 2012.

Goals for the Current Year

The Lincoln School Improvement Team analyzed this longitudinal data to determine strengths and areas for improvement. Based on that work, the Lincoln School Improvement Plan was developed to focus on two goals:

1. Lincoln students will be equipped with foundational skills necessary for success in citizenship, college, and careers.
2. Student learning will continue to be accelerated and deepened by implementing the Common Core in Literacy and Math.

To address each Lincoln SIP goal, the Lincoln Staff will:

- Regularly meet in collaborative teams as professional learning communities to systematically analyze student data, establish student learning goals, create action plans and formative assessments to evaluate student progress. Focus will be given specifically to designing rigorous tailored instruction.
- Use Acuity Benchmarks Assessments to guide instructional planning and practice, targeting areas needing improvement;
- Use the DRA2 (Developmental Reading Assessment), as well as other assessment measures, to obtain an individual comprehensive literacy profile for each student to guide the teacher to plan for small group reading instruction targeted at each student's zone of proximal development.
- Students and staff members have been implementing an original version of a Town Hall meeting, where the entire community focuses on one domain of our learning culture per quarter. Each of these domains is consistent with the Lincoln's goals for school improvement. For the 2012-2013 school year, Lincoln will focus on the following areas: 1. Effective Communication, 2. Collaboration, 3. Critical Thinking and Problem Solving, and 4. Creativity.
- A fundamental component of the long-standing success at Lincoln School is the close-knit and caring community that is established and maintained year after year, as well as the involvement of the parent population. This year, we are making a concerted effort to capitalize on parental involvement by inviting the parents to participate in Common Core- driven workshops for both math and literacy, actively support the application of learned skills through our Take-Home Self-Report Graphs, and to dedicate a portion of each PTO meeting to educating parents about specific pieces of school functioning.

Lincoln School Improvement Plan

The entire Lincoln Staff is working diligently to combine best practices in literacy instruction and differentiation methods to support all students' learning needs. Throughout the year and on institute days, staff members are actively participating in professional learning activities aligned with school improvement goals and plans. In addition, staff members are continually strengthening their data interpretation skills to assist them in analyzing student data and authentic work samples and learning how best to design instruction to best meet student needs.
