**Low-income** students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

**Limited-English-proficient** students are those students eligible for transitional bilingual programs.

**Mobility rate** is based on the number of times students enroll in or leave a school during the school year.

**Chronic truants** are students who are absent from school without valid cause for 18 or more of the last 180 school days.

## SCHOOL DISTRICT FINANCES

TEACHER/ADMINISTRATOR SALARIES (Full-Time Equivalents)

Salaries and counts of staff are summed across a district based on the percentage of time that each individual is employed as a teacher or an administrator and may or may not reflect the actual paid salaries for the district.

\*\* Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

## ACADEMIC PERFORMANCE

### OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics and science.

## PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Measure of Annual Growth in English (IMAGE) is administered to limited-English-proficient students. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

### ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.

Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.

Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.

Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

**ILLINOIS MEASURE OF ANNUAL GROWTH IN ENGLISH (IMAGE)**

Students enrolled in state-approved transitional bilingual programs for less than three years take IMAGE if they are unable to take ISAT/PSAE due to their lack of proficiency in English. The table below presents IMAGE results for these students. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

Level 1 --Academic Warning -	Students work demonstrates limited knowledge and skills in the subject. Due to major gaps in learning,students apply knowledge and skills ineffectively.
Level 2 --Below Standards -	Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.

**Four Conditions Are Required For Making Adequate Yearly Progress (AYP):**

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 55.0% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 55.0% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. \*\*\*
3. For schools not making AYP solely because the IEP group fails to have 55.0% meeting/exceeding standards, 14% may be added to this variable in accordance with the federal 2% flexibility provision.
4. At least 90% attendance rate for non-high schools and at least 72% graduation rate for high schools.

\* Includes only students enrolled as of 05/01/2006.

\*\* Safe Harbor Targets of 55.0% or above are not printed.

\*\*\* Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

## **Munhall Elementary School Improvement Plan for 2007-2008**

This “School Report Card” has been compiled by the Illinois State Board of Education as a means by which school districts communicate local and statewide information to the public. The No Child Left Behind Act of 2001 (NCLBA) requires states to establish annual achievement targets which are used to calculate Adequate Yearly Progress (AYP). The purpose of this “School Report Card” is to communicate the school’s and district’s performance under the annual targets. Our goal is to provide all students an education that helps them both academically and emotionally.

Munhall Elementary School is committed to:

- Fostering a community of critical, creative learners
- Establishing an educational foundation for all students in their journey as life-long learners
- Building the capacity of all learners to meet life’s demands with confidence
- Providing an environment that is safe and respectful for all learners

### **Findings for the Improvement Plan**

The Munhall Building Leadership Team reviewed a number of data sources to determine our school improvement goals. We analyzed data from the Illinois Standards Achievement Test (ISAT), Tungsten Benchmark Assessments, Cognitive Abilities Test (CogAT), Illinois Snapshot of Early Literacy (ISEL), Developmental Reading Assessment (DRA2), and other local assessments. We will continue to analyze our data to identify positive trends and areas that need improvement. The ISAT test was given to third, fourth, and fifth grade students this past spring. At grade three, 87% of our students met or exceeded standards in reading and 98% in math. At grade four, 91% of our students met or exceeded standards in reading and 94% in math. Fourth grade students also took the science test with 90% of the students meeting or exceeding standards. At fifth grade, 82% of our students met or exceeded standards, and 92% met or exceeded standards in math.

### **Goals for the Current Year**

The Munhall School Improvement Team analyzed the data to determine strengths and areas of improvement. Based on this work, the Munhall School Improvement Plan was developed to focus on three goals:

- To increase the percentage of all students who meet and exceed standards on the 2008 ISAT by 2 %
- To increase the percentage of all students who meet and exceed standards on the 2008 ISAT by 1%
- To increase the level of respect shown by the students of Munhall throughout the school by 25%

We will meet this goal by targeting specific skills and strategies in the areas of reading and math. In the areas of reading and math, we will focus on improving critical thinking skills in our students. Students will use these critical thinking skills to successfully write summaries of their readings and answer math extended response questions. We will also focus on using research-based strategies for vocabulary acquisition across all disciplines. Teachers will participate in professional development opportunities during staff meetings, institute days, and school improvement days that are focused on improving instruction in literacy and math. Also, through our Social Decision Making and Problem-Solving Program and other school-wide strategies, we will support and encourage a respectful school community.
