Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

IEP Students are those students eligible to receive special education services.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

Total Enrollment is based on Home School.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics, and science.

OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 85% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 85% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. At least 91% attendance rate for non-high schools and at least 82% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2010.

** Safe Harbor Targets of 85% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

Wild Rose Elementary School Improvement Plan for 2011-2012

This “School Report Card” has been compiled by the Illinois State Board of Education as a means by which school districts communicate local and statewide information to the public. The No Child Left Behind Act of 2001 (NCLB) required states to establish annual achievement targets which are used to calculate Annual Yearly Progress (AYP). The purpose of this “School Report Card” is to communicate the school’s and district’s performance on the annual targets.

Wild Rose Elementary School is committed to providing all students with a learning community that helps them develop into life-long learners. During the 2011-2012 school year the staff, parents, and administration of Wild Rose School will continue to work collaboratively to improve instruction and student performance. This report indicates our findings upon which our School Improvement Plan and goals are based for the current school year.

Findings for School Improvement Plan

Our School Improvement Team has analyzed many different sources of data to determine the academic goals for Wild Rose School. Our analysis included data from the Illinois Standards Achievement Tests (ISAT), Illinois Snapshot of Early Literacy (ISEL), Tungsten Benchmark Assessments, quarterly student report cards, as well as district and class assessments. ISAT standards based assessments reported that at grade three, 86.7% of our students met or exceeded standards in reading and 97.6% in math. In grade four, 93.6% of our students met or exceeded standards in reading and 98.2% in math. In addition, 94.5% of all fourth grade students met or exceeded state standards in science. At grade five, 93.8% of our students met or exceeded standards in reading and 98% in math.

The IEP students (46) were at 59% meeting or exceeding state standards in reading and 83% meeting or exceeding state standards in math. In addition, 55% of all 3-5 students exceeded state standards in reading and 59% exceeded in math.

Our school improvement plans and goals are based on all of the data that has been collected. New methods of data collection will provide us with more information about student progress.

Goals for the Current Year

The Wild Rose School Improvement Team developed both academic and affective goals. Our academic goal is to increase the total percentage of students in grades 3, 4, and 5 who meet or exceed state standards by 2% in reading.

Our school improvement teams are developing action plans in each grade level based upon data indicators. All students in grades K-2 were given the ISEL (Illinois Snapshot of Early Literacy) to provide critical information on our students’ reading skills. Students in grades 3-5 were given the Acuity Benchmark Assessments to provide critical information on our students’ reading and math skills. To further identify learning needs of our students, the Diagnostic Reading Assessment (DRA2) was also administered. In addition, teachers will participate in regular Professional Learning Community meetings to monitor learning for students, analyze student work/performance and improve instructional strategies. Our school is beginning year 1 of a 5 year comprehensive Anti-Bullying Plan and continuing the Social Decision Making and Problem Solving program. This is a comprehensive, school-wide program designed to meet the Illinois Social and Emotional State Standards.
