Attention Parents of Students Entering 12th Grade
IMMUNIZATION REQUIREMENT – 2017-18
Meningococcal Vaccine (MCV4)

Students entering twelfth grade must have one (1) dose of MCV4 administered after the age of 16. Students and parents please note that if a dose of MCV4 was already administered prior to the student's 16th birthday, that vaccine will serve as an initial dose, and a SECOND MCV4 Vaccine must still be administered for entry into twelfth grade, after the student's 16th birthday and at least eight (8) weeks after the initial MCV4 Vaccine was given.

Proof of receiving the MCV4 vaccination(s) is required prior to the first day of school. Students without proof of receiving the MCV4 vaccination will be excluded from school until such time that they present proof of receiving MCV4.

Verification of the immunization must be submitted to the school nurse prior to the first day of school.

Student Name_____ Grade_____

Date of Birth _____ Age_____

Date(s) of Meningitis vaccines: 1) _____ 2) _____

Type of Immunization: ☐ MCV4 ☐ Menomune (MPSV4)

If the student is medically exempt from this immunization a healthcare provider's note must be provided indicating the reason for the medical exemption as well as indicating if the exemption is TEMPORARY or PERMANENT. Healthcare provider notes must include healthcare provider signature, address and be dated. All temporary exemptions must specify the time frame of the temporary exemption.

Healthcare Provider (Printed Name):_____

Provider Signature or Stamp: _____

Date completed by Provider: _____
