Understanding Your Teenager Seminar

Do you sometimes feel lost amidst the world of acne and hormones, young love, and fights for independence? Do you have a late elementary student and worry about the upcoming years of teenage angst? Or are you watching your young adult child still trying to figure out life and wonder how you can help?

This interactive seminar, presented by Brian Crim - Licensed Marriage and Family Therapist and former youth pastor of 14 years - will help you learn what is going on inside your teen’s brain and how to encourage a healthy and positive dynamic with him or her.

Helpful for parents and caregivers of kids in late grade school through children in their 20’s (yes, adolescence lasts that long), this seminar will give you a new perspective - and even appreciation for - these perplexing and amazing years!

Saturday, 3/4/17  9:00 am - Noon
Fox Valley Presbyterian Church
227 East Side Dr, Geneva, IL 60134
$5 per seat
Includes refreshments

All are welcome! Please register by 3/1/17 to reserve your seat.
