Parent University 2016-17 Session 1

Fostering Resiliency and Promoting Emotional Growth in Children

As much as we may try as parents, it is not possible to protect our children from all the ups and downs of life. Raising resilient children, however, is possible and you can help provide them with the tools they need to respond to the challenges of adolescence and young adulthood. The key to resiliency is changing how we think about challenges and adversities.

Join us for District 303 Parent University "Fostering Resiliency and Promoting Emotional Growth in Children" on **Tuesday, November 15** from 7:00- 8:30 p.m. in the Board Room of the District 303 Administration Building, 201 S. 7th Street St. Charles, IL 60174.

Our guest speaker will be Heather Bilbrey MA, Therapist at Amita Health. Heather will discuss specific strategies parents can provide to their children to foster resiliency while also promoting their emotional growth. This presentation will also help parents understand signs and symptoms of anxiety, as well as provide strategies for parents to use when their child is anxious and/or struggling.

D303 Has Three New Graduates Thanks to First Class of Night School Graduates

Jeremy Bryant, Sam Leckbee, and Mayur Patel became pioneers as the first District 303 students to earn their high school diploma through the D303 Night School. This program was put into place by the Board of Education last spring to help students who were just a few credits short of graduation as a way to earn their diploma. Jeremy and Sam join the long list of proud graduates of St. Charles North H.S. and Mayur is now an alumni of St. Charles East H.S. In a ceremony held on Thursday, November 10, the graduates received their diplomas, while other students who are on the verge of graduating received recognition for their progress.

Students and staff of the District 303 Night School gathered for the first Night School Recognition Event on November 10.

Be Kind for 25

Last year, 5th grade students at Norton Creek Elementary School partnered with students in the Early Childhood and Life Skills program. The culmination of the partnership was the reading of a book by the older students called "How to Grow a Friend". The idea of growing friends through kindness is now taking the next step as Norton Creek students are participating in "Be Kind for 25". It is a rather simple idea of performing a specific act of kindness each day at school for 25 days. Along with Norton Creek, St. Charles East H.S., St. Charles North H.S., and Wredling Middle School are also participating. We've included the calendar for anyone else who wants to spread some
