D303 Parent University Presents “Adolescent Grief and Resiliency”

April 5, 2017

We all know that adolescence can be one of the most difficult times in life to navigate for kids. We also know it can be very difficult for parents to assist their kids through this trying, but also exciting and wonderful portion of the journey through life.

Grief can be part of life at any time, but grief added into adolescence can create difficulties for both kids, and their parents who are trying to provide guidance.

Join us for District 303 Parent University- Adolescent Grief and Resiliency on Thursday, April 13 at 6:00 p.m. in the Board Room of the District 303 Administration Building, 201 S. 7th St. in St. Charles.

The session will be led by Megan Walsh LCPC, licensed professional counselor at Linden Oaks Behavioral Health. Walsh has more than 10 years of experience in the behavioral health field, including community counseling and work at a domestic violence shelter.

Due to space limitations, we are limiting this session to the first 70 RSVP's. [Click here](#) to RSVP and reserve your place.
