D303 Parent University Presents “Google Tools- What They Are and How They Work”

April 27, 2017

PARENT UNIVERSITY 2016-17 SESSION 5

WHEN: Tuesday, May 9, 2017, 6:00 - 7:30 PM

WHERE: Board Room, District 303 Administration Building, 201 S. 7th St. St. Charles IL 60174

TITLE: Google Tools- What They Are and How They Work

As parents, most of us are familiar with Google Tools such as their search engine and Gmail, their mail service. But students in District 303 are using additional Google Tools such as Google Docs, Chromebooks, and some are even using Google VR (Virtual Reality).

As with most tech stuff, it is native to kids but maybe not so much for adults. Join us for District 303 Parent University- Google Tools- What They Are and How They Work on Tuesday, May 9 at 6:00 p.m. in the Board Room of the District 303 Administration Building, 201 S. 7th St. in St. Charles.

The session will be led by the District 303 Assistant Director for Curriculum Mrs. Megan Mkrtschjan. She will explain how the Google Tools for Education work, how they are applied in the classroom and how they enhance learning for students. Most importantly, Megan will patiently answer the basic questions about these technological marvels that we are too embarrassed to ask our kids to explain! Please feel free to bring, and use, your smartphone, Chromebook, laptop or tablet.

Due to space limitations, we are limiting this session to the first 70 RSVP's. [Click here](#) to RSVP and reserve your place.
