ACCESS TO ELECTRONIC NETWORKS

Please refer to [Policy 6:235 Access to Electronic Networks](#) for more information

Electronic networks, which include the Internet, are a part of the District's instructional program in order to promote educational excellence by facilitating resource sharing, innovation, and communication. The Superintendent or designee shall develop an implementation plan for this policy and appoint a system administrator. The failure of any student or staff member to follow the terms of the Authorization for Electronic Network Access, or this policy, will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

ATHLETICS AND EXTRA-CURRICULAR ACTIVITIES

Please refer to the following policies for more information:

[7:40 Nonpublic School Students, Including Parochial and Home-Schooled Students](#)

[7:240 Conduct Code for Participants in Extracurricular Activities](#)

[7:260 Exemption from Physical Activity](#)

[7:300 Extracurricular Athletics](#)

[7:305 Student Athlete Concussions and Head Injuries](#)

The purpose of middle school athletic programs in District 303 is to develop sportsmanship, to teach the fundamental skills needed to succeed, to foster team/school pride, to develop leadership skills, to promote wellness through active participation in athletic competition, and to have an enjoyable athletic experience. Interscholastic sports at the 7th and 8th grade levels include boys' football, girls' volleyball, boys' and girls' basketball, and boys' and girls' track. Sixth, seventh and eighth graders may participate in cross country, wrestling, and cheerleading.

Students must have the following to try out and/or participate:

- Parental permission
- Current physical exam (renewed annually)
- Coverage by insurance, either limited accident insurance provided through the school or proof of insurance by signed waiver (available in the school's Main Office)
- Payment of required participation fee for each activity/sport

It is a privilege to represent your school in athletic contests. All student athletes are members of a team with common goals and are expected to follow common guidelines to achieve these goals.

Students participating in athletics and extra-curricular activities are required to:

- Maintain passing grades and exhibit appropriate behavior at all times. Failure to do so will result in a parent/staff conference to develop an action plan in order to remediate the problem.
- Report immediately to the locker room and practice area after school. Athletes are not to return to the hallways after practice or contests, so they must bring whatever materials they need for the night to the locker room after school.
- Attend all practices, unless students are absent from school or have made previous arrangements with their coach and have a parent note. Three unexcused absences will cause the staff to review the student athlete's eligibility and may result in removal from the team. Parents will be notified after two unexcused absences have been recorded. Unexcused absences include In Building Suspension, Out of Building Suspension, Saturday

DISTRICT 303 MIDDLE SCHOOL STUDENT HANDBOOK

School, and disciplinary dismissals from practice, as well as cutting practice. If students earn detentions, three will be equivalent to one unexcused absence.

- Arrange to be picked up within fifteen minutes of the end of practice or the completion of games.
- Remain with the team until the completion of all athletic contests/ practices and return to school with the team on the bus.
- A parent/guardian must speak to the coach before an athlete will be excused from practice or a contest.
- A parent/guardian may take only their child home from away games.
- Show respect to teammates, opponents, coaches and officials.
- Exhibit appropriate behavior at practices, contests, on the bus, and at other schools.
- Refrain from the use of tobacco, alcohol, or illegal drugs. Violation of this policy will result in school disciplinary action and may result in dismissal from the team.
- Participate in PE class unless they have a medical excuse. Students who are unable to attend PE class will not be allowed to participate in athletics.
- A student must be in attendance for at least a half day to participate in that day's athletic or extra-curricular activities.

ATTENDANCE

Please refer to the following policies for more information:

[7:70 Attendance and Truancy](#)

[7:80 Release Time for Religious Instruction/Observation](#)

[7:90 Release During School Hours](#)

District 303 believes that regular attendance at school results in greater academic success. To meet our mutual goal for academic success, we expect students will be present and on time throughout each day school is in session. Consistent attendance at school positively impacts your child's achievement and success. Please limit unnecessary appointments during the school day when possible.

Communication from parents is essential in maintaining accurate attendance records. A parent/guardian must notify the school each time regular attendance is interrupted. Parents may call the school's 24-hour attendance line and leave a message indicating the student's name, grade and reason for their absence. Please visit the District 303 Health Services page on our website at <http://district.d303.org/health-services> for guidelines on student absences related to illness.

Please refer to the Community Unit School District 303 Discipline Procedures for information regarding excused and unexcused absences, tardiness and truancy.

BULLYING, INTIMIDATION, AND HARASSMENT PREVENTION

Please refer to the following policies for more information:

[7:20 Harassment of Students Prohibited](#)

[7:180 Preventing Bullying, Intimidation, and Harassment](#)

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

BUS CONDUCT

[Please refer to policy 7:220 Bus Conduct for more information](#)

All students must follow the District's School Bus Safety Guidelines. The Superintendent, or any designee as permitted in The School Code, is authorized to suspend a student from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct.

DISCIPLINE PROCEDURES

It is the sincere desire of the Board of Education that each student practice self-discipline, so that disciplinary action by teachers, administration, and the Board of Education may be avoided. In order to provide a fair and equitable system for the administration of discipline in our schools, the Board of Education has approved discipline procedures. It is the desire of Community Unit School District 303 to promote positive citizenship and a constructive school environment. Parents will be notified regarding discipline which may be employed to achieve desired behavioral results. In addition, when further remediation is required, various support personnel may be involved in those efforts.

DISTRICT 303 MIDDLE SCHOOL STUDENT HANDBOOK

Behavioral Interventions for Students with Disabilities

Public Act 87-1103: On July 21, 1995, Public Act 87-1103 was enacted into law. The Act requires all school districts in Illinois to develop a policy and procedures addressing the use of behavioral interventions for students with disabilities. The policy and procedures were developed using the guidelines provided by the Illinois State Board of Education. The Act requires that all parents and students be notified about the existence of this policy regarding behavioral interventions. You may obtain a copy of the guidelines by contacting the Illinois State Board of Education: 100 North First St., Springfield, IL 62777.

Please be advised that Community Unit School District 303 has developed its policy and procedures using guidelines provided by the State Board of Education. You can obtain a copy of the district's policy and procedures by contacting the Student Services Department: 201 S. 7th St., St. Charles, IL 60174.

Students attending specialized program(s) under the supervision of Mid-Valley Special Education, Northwest Illinois Association, or in a non-public day program approved by the Illinois State Board of Education are subject to that program's policies and procedures governing restrictive behavior management. These policies and procedures are addressed and accepted in writing by parents upon admission to the program.

INFORMATION REGARDING SECTION 504 OF THE REHABILITATION ACT OF 1973: The intent of the District is to ensure that students who have a disability within the definition of Section 504 of the Rehabilitation Act of 1973 be identified, evaluated, and provided with appropriate educational services. For additional information, please contact your building principal.

NOTIFICATION REGARDING MEDICAID DATA RELEASE

Medicaid reimbursement is a source of federal funds approved by Congress to help school districts maintain and improve diagnostic and therapeutic services for students. For students who receive special education services, therapy and diagnostic services provided to the student may be partially reimbursable. Your one-time consent allows the district to recover a portion of the costs associated with providing health services to your child. The reimbursement supports vital special education services.

The reimbursement process requires the school district to provide Medicaid with your child's name, date of birth and Medicaid number. Federal law requires school districts to annually notify parents/guardians if they intend to release student data to Medicaid even if you have already provided Medicaid with your child's information as part of your Medicaid application. Only data for Medicaid eligible students will be released.

If you do not object to the release of information to Medicaid, do nothing. Otherwise you may state your objection in writing and forward it to the Department of Instruction, 309 S 9th Street, St. Charles, IL, 60174. Consent may be revoked at any time. If you deny the release of the data, the district must continue to provide health services to your child. At no time can the district charge you for the cost of the health services.

When considering your decision, please note that this program has no impact on current or future Medicaid benefits. Under federal law, your decision to participate in the program cannot:

- Decrease lifetime coverage or any other public insurance benefit,
- Result in the family paying for services that would otherwise be covered by Medicaid,
- Increase your premiums or lead to discontinuation of benefits or insurance, or
- Result in the loss of eligibility for home and community-based waivers.

STUDENT AND FAMILY PRIVACY RIGHTS

[Please refer to policy 7:15 Student and Family Privacy Rights for more information.](#)

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students must advance or relate to the District's educational

objectives as identified in Board Policy. This applies to all survey regardless of whether the student answering the questions can be identified and regardless of who created the survey.

No school official or staff member shall subject a student to a non-emergency, invasive physical examination or screening as a condition of school attendance without providing notice of the date and type of invasive physical exam and giving parents/guardians the opportunity to object to the exam.

STUDENT FUNDRAISING

Please refer to the following policies for more information:

[7:325 Student Fund-Raising Activities](#)

- School-sponsored student organizations; and
- Parent organizations and booster clubs that are recognized pursuant to policy 8:90, Parent Organizations and Booster Clubs.

All "permanent" student records are retained for 60 years after the student has transferred, graduated or withdrawn from the school. All "temporary" student records are retained for five (5) years after the student has transferred, graduated or withdrawn from school.

This Act gives parents/guardians the right to: 1) inspect and review his/her child's educational records; 2) make copies of these records; 3) receive a list of all individuals having access to those records; 4) ask for an explanation of any item in the record; 5) ask for an amendment to any report on the grounds that it is inaccurate, misleading, or violates the child's rights; and 6) a hearing on the issue if the school refuses to make the amendment. Parents are also entitled to inspect all instructional materials used in connection with any survey, analysis or evaluation which reveals the kind of information specified in 20 U.S.C. (123h) without prior written consent of parents (or consent of student if age 18 or emancipated).

If you have questions, please contact the principal at your child's school or the district administration office.

In order that no student is denied educational services or academic credit due to the inability of parents/guardians to pay student fees, the Superintendent will recommend to the Board which additional fees, if any, the District will waive for students who meet the eligibility criteria for fee waiver. Students receiving a fee waiver are not exempt from charges for lost and damaged books, locks, materials, supplies, and equipment.
