

Coyote Tales Vol. 28

One School, One Book

Our school is about to take part in a special, communitywide shared reading event. **Every family will receive a copy of the same book** and will be asked to read it together at home over the next few weeks. The book will be a surprise! We are asking you to make the time so that your family can participate in this special activity.

Reading aloud at home is valuable because it better prepares your child to be an effective reader, and it is also a fun, worthwhile family activity. With this program, we aim to build a Community of Readers at our school. Everyone – students, parents, teachers, even administrative staff – will all be following along together.

Your child will receive a copy of the book from their classroom teacher. Along with the book, you will receive a reading schedule so that you can keep up at home. Generally, **you will be asked to read about 15 minutes each night**.

This is a novel program in that children of all grade levels will all be listening to their parents read the same book. Strange or daring as that may seem, it actually makes sound educational sense. Reading professionals recommend reading material out loud that is beyond a child's own reading level. We also believe that you can and should continue reading chapter books with your older children, even when they are able to read by themselves. We have selected a title that can be followed and understood and enjoyed by younger students, but will still captivate and stimulate older children. I know that you'll enjoy this special reading time with your children.

Our teachers will read the first chapter of the book. We will also build in fun activities for the whole school along the way like morning quiz questions. **We will finish off our One School One Book initiative with an evening event to celebrate**. More details to follow.
