PARENT UNIVERSITY

“Talking to your Child about the Dangers of Drug & Alcohol Use”

December 4, 2018

STC North HS - Rm 302

6:30-8:00 p.m.

Research shows that when parents talk to their children about the dangers of drugs and alcohol and set expectations with open lines of communication, that children are less likely to abuse drugs and alcohol.

On December 4, Matthew Quinn, Licensed Counselor from Rosecrans will be our guest at a Parent University program entitled, “Talking to your Child about the Dangers of Drug and Alcohol Use.” Mr. Quinn will provide parents with information and resources that will:

- >Help them identify major risk factors for drug use among youth/adolescents
- >Teach them the signs of drug use and appropriate responses
- >Provide them with tools to implement practical steps that prevent children from gaining access to opioid drugs
- >Increase awareness of trends and current terminology surrounding drug use
- >Gain awareness of the long term health effects of vaping and e-cigarettes

The abuse of alcohol, tobacco, and illicit drugs are the leading cause of preventable accidents, premature death, and disability among young people. While today's youth are among the most vulnerable in our communities for experiencing these adverse effects, research demonstrates that parent awareness and influence is critical in prevention and in getting the right help.

As part of this program, Nicole Cook, Mrs. America 2019, will share her personal story on how opioid abuse impacted her family in a tragic way.
