

Parent Connections Group

360 Youth Services is offering free, one-time peer support groups for parents and caregivers who are continuing to experience challenges during the current Covid-19 pandemic. We will bring parents and caregivers together from the community to receive support from one another and to share their experiences. Groups will be moderated by members of the 360 Youth Services clinical staff to provide a safe and comfortable environment for parents and caregivers to voice concerns, ask questions, and connect with other parents.

Each support group will be capped at 15 registrants. Group times will be offered via Zoom to accommodate varying schedules. To register, please email the date and time you would like to attend to the email address listed below.
