District 303 High Schools Host INCubatoredu Open Houses

September 18, 2018 - St. Charles, IL – St. Charles Community Unit School District 303 has launched its entrepreneurship program, INCubatoredu, geared toward providing students with authentic learning experiences around entrepreneurship -- everything from conceiving, developing, and launching a startup business. Two sections have been successfully launched at both St. Charles East and St. Charles North high schools. Students participating in the inaugural year of INCubatoredu are hosting Open Houses on the following schedule:

St. Charles North High School on Monday, September 24 at 3:00 p.m. in room 400

St. Charles East High School on Tuesday, September 25 at 3:00 p.m. in room B202

As part of the Open Houses, student teams will discuss their process to take business ideas from concept to successful funding in an environment designed to replicate real entrepreneurship challenges. Volunteer mentors and coaches will also be on hand to discuss their participation and efforts to assist students with their learning.

New innovative spaces have been re-designed at both schools that intentionally foster the hands on learning environment necessary to engage and inspire the entrepreneurial mindset.

St. Charles Community Unit School District 303 has opportunities for local businesses and community members to volunteer to work with the program and our student entrepreneurs. Interested community members may email Dr. Melissa Byrne, Director of College and Career Readiness at Melissa.Byrne@d303.org.
