From the Principal

We Reached Another Goal—Crazy Hair or Hat Day!!

Our students have collectively earned an additional Mustang Horseshoes for their expected behaviors at arrival/dismissal, during their hallway transitions, as well as lunchroom behavior. Today we celebrated by having a Crazy Hair or Hat Day. Now, our students are working toward a new goal!

Keep up the great work Mustangs!

Illinois Assessment of Readiness

Please see the communication below from David Chiszar, Direction of Assessment and Accountability, regarding the Illinois Assessment of Readiness.

Dear Parent/Guardian,

Students in grades 3 through 8 will be taking state tests in English/Language Arts (ELA) and mathematics between April 1 and April 26. The test name has changed from PARCC to the Illinois Assessment of Readiness (IAR). The underlying test, what it measures, and how it is scored is the same. Information about the change to the IAR can be found at: <https://district.d303.org/departments/assessment>.

Additionally, students in grades 5, 8, and in their first high school biology course will be taking the Illinois Science Assessment (ISA) within the month of April. Please consult with your school for a more specific test schedule for the ISA. These assessments are designed to evaluate students' progress toward the more rigorous state standards.

Please encourage your child to give his or her best effort and, as always, preparing your child for a good day at school begins with a good night of sleep and a nutritional breakfast.

These state tests are one of several ways student achievement is measured in CUSD 303. Your child's daily school work, teacher comments, and report cards are also important when determining overall school achievement. If you have any questions regarding your child's performance, be sure to talk with your child's teacher or principal.

You will also receive information about your child's individual performance on these tests in the fall. School and district results will be reported on the Illinois School Report Cards.

Sincerely,

David Chiszar

Executive Director of Assessment and Accountability

Student Information Letter for 2019-2020 Class Placement

Dear Families:

In planning for the upcoming school year, parents are invited to provide information that will assist us in the class placement process. Since every learner is unique, our goal is to pair each learner with an environment that maximizes his or her potential. Therefore, balancing classrooms

based on gender, special needs or talents, learning styles, and personalities are all factored as we compile class lists. As you can imagine, this is a complex process, and a very important one.

We welcome any information that you would like to provide about your student in order to assist us in making the best possible placement. Because of the many factors considered when putting a class roster together, requests for specific teachers will not be accepted. Clearly defining the needs of your child will be most helpful in making a good classroom assignment.

If you have information that will assist us in making a placement for your child, please forward that information to me in writing. You may wish to include the following types of information:

- Your child's talents and needs
- The type of classroom environment that has been or will be most beneficial for your child
- Your child's personality and learning style

Letters must be received by **April 19, 2019** to receive consideration. Letters can be submitted through the Munhall main office, or through an email attachment at Jarrod.Buxton@d303.org.

Thank you for assistance in this important matter. If you have any questions, please feel free to call me at 331-228-6637.

Have a great Spring Break!

Jarrod Buxton, Principal

Elementary Intra-District Transfer Request

An Elementary Intra-District Transfer Request must be submitted online no sooner than 8:00 AM on the first Tuesday following Spring Break (April 2, 2019) and no later than 4:00 PM on the third Monday following Spring Break (April 15, 2019). A link to the request form will be posted on the District 303 webpage by 8:00 AM on April 2. If you are requesting a transfer for more than one child, a separate request must be submitted for each. Due to fluctuating class sizes at each grade level, siblings are not guaranteed placement.

Please note:

- A new request must be submitted each year beginning the week after spring break.
- If granted, transportation is the responsibility of the parents.
- The transfer is for one school year and will require re-application the following school year.
