Bringing Learning to Life Through Simulations

As a way to connect classroom learning to real life, St. Charles East students in the Advanced Healthcare Concepts class visited the Advocate Sherman Hospital Simulation Lab in Elgin. During their visit, students practiced a variety of medical emergencies and procedures on two of their mannequins: Sherman and Victoria.

"We try to mimic real-life as much as possible. We can give you a reading and test you on how to deliver a baby, but it's not the same as actually

getting your hands on the mannequins and practicing those skills to better understand it," said Gwen Wilke, Clinical Educator and Simulation Lab Coordinator at Advocate, who welcomed students and Mrs. Cameron to the Simulation Lab.

In one of the Simulation rooms, Kris Knudson-Brown, Simulation Operation Specialist, introduced them to Sherman. Like a real human, Sherman talks, sweats, blinks, and even seizes, depending on the simulations prepared for the day. "I design the simulation for our medical personnel or residents to practice and then roll it out. Occasionally, I add a few elements of surprise to create different situations and then we evaluate their response and skills," she added.

Students took Sherman's pulse, listened to his heart and lungs using a stethoscope,

and practiced their CPR skills on him when his vital signs dropped. Through the simulation, Kris helped students improve their techniques by monitoring the pressure and depth of their CPR maneuver. During observations, students asked questions, discussed procedures and correctly answered Gwen's tricky questions, which made Mrs. Cameron very proud.

For the second part of the tour, students met Victoria in the delivery room where East students Kallie and Kayla helped deliver a baby.

Through the process, students asked many questions about caring for pregnant patients before delivery, the delivery process, and what to do in case of a medical emergency. "With Victoria we can practice c-sections and vaginal births, delivering premature babies, and she also has a postpartum belly, which allows us to simulate different scenarios to be better prepared," added Kris.

By the end of this experience, students left feeling more confident in their skills and had a better understanding of the career options that are available for them.

◆◆◆◆ We Want Your Feedback! ◆◆◆◆

District 303 participates in the annual Illinois 5Essentials Survey that collects feedback from our students, teachers, and parents. Your participation in the parent portion of the survey will enable you to share your thoughts on important elements of school effectiveness. All responses are confidential and will never be connected to you or your child.

The Parent Survey is currently open and will remain so through February 14, 2020. To take the survey, please visit <https://survey.5-essentials.org/Illinois/> and select the appropriate survey. Make sure you enter **Kane County** in the box for county even if your home or your child's school is in DuPage County. This will allow you to correctly select your child's school.

A Special Night for Special Kids!

Dressed as Santa's elves, St. Charles East and North students brought the Christmas spirit to the Special Night for Special Kids event at Davis Primary on December 4. The volunteers lead a variety of holiday-themed games, told stories, and helped students and families in the crafts stations. Families enjoyed sweet treats and snacks, and worked together on decorating gingerbread houses.

Students were delighted to meet Olaf and Elsa, the Minions, and other fun characters who smiled and posed for photos. However, no one caught the students' imagination more than Santa himself who

attended the event! He listened to what was on the minds of these dear students and smiled as he listened to their wishes. We greatly appreciate all the volunteers, administrators, staff, and students who made this a treasured night!

Wasco Writing Celebration

Wasco 2nd-grade students celebrated their writing accomplishments by welcoming their families to the "Starbooks Cafe" on November 22. Teachers transformed the community room into a cozy cafe where students proudly shared their personal narrative stories and their opinion writing pieces. Students' work included an autobiography section, a self-portrait, as well as a description of the writing pieces. Visiting families read the students' pieces and asked questions about their writing. Before they left, they were encouraged to write a compliment or praise on the "WOW!" wall which was then hung by the 2nd-grade hallway.

One-of-a-kind Global Murals

The 2019 Global Traveling Mural Project gives students from around the world the opportunity to create a 10-ft mural representing their community and share it with schools in other countries. The one-of-a-kind murals represent the world-wide communities by celebrating friendship, acceptance, and collaboration. More than 320 schools, classrooms, and libraries participated. Wredling 6th grade students participated in this activity for the first time when their 10 unique pieces were sent to other schools.

Each section included drawings of the students' favorite restaurants and shops in St. Charles, local parks they visit during the summer, and the iconic Chicago skyline along with snowflakes and Navy Pier. They also had an opportunity to include personal touches, such as drawings of characters of their favorite shows, local sports teams, and even a hand-drawn Wredling Redhawk logo. Nine sections of the Wredling mural were sent to schools in Alaska, California, Canada, New York, Virginia, and Wyoming.

Prior to starting the mural project, students video-chatted with students at other schools in an effort to learn more about their schools and communities.

The Whole Brain Child Book Study

District 303 Parent University presents our second annual book study. In *The Whole Brain Child*, Daniel J. Siegel (neuropsychiatrist and author of the bestselling book *Mindsight*) and parenting expert, Tina Payne Bryson, demystify the meltdowns and aggravation, explaining the new science of how a child's brain is wired and how it matures. The "upstairs brain," which makes decisions and balances emotions, is under construction until the mid-twenties. Conversations will be based upon the book as well as supplemental workbook activities.

If you registered for the book study, please remember to pick up your book at the Administration Center, 201 S. 7th Street, on Monday, December 9, between 10:00–11:00 a.m. and 5:30–6:30 p.m. in the District 303 Board Room.

It's time to register for Little Saints Preschool!

The Little Saints program is scheduled from Tuesday, January 28, 2020 until Tuesday, May 12, 2020. St. Charles East High School will continue a FOUR DAY PROGRAM and the cost will remain at \$125.

This preschool experience runs in conjunction with the Early Childhood Practicum classes where the high school students perform the roles of the "teachers." The students plan, create, and lead various age appropriate learning experiences that foster growth in the different developmental areas. [Click here for more information and to register for the Little Saints Preschool.](#) Please contact Erin Linde, at erin.linde@d303.org for any questions or concerns.

THE ST. CHARLES EDUCATION FOUNDATION D303 TRIBUTE PROGRAM

Now you can honor or thank a District 303 staff member by making a donation to The St. Charles Education Foundation in his or her name. Big Hearts of Fox Valley NFP is a registered 501(c)3 non-profit organization dedicated to brightening the lives of underprivileged children in our community. We're committed to identifying and coming together to meet social, emotional and basic needs of those around us.

It was almost Christmas time and as we looked under our tree to see the piles of wrapped presents for our children, we thought about the little ones that wouldn't be opening presents on Christmas morning. We decided to reach out to our children's school social worker to see if there were any families that may need some assistance providing Christmas gifts to their kids. We, like many others, didn't realize there was a large number of families in need within our own community.

That's where this all started. In 2014, we were able to help provide Christmas gifts to kids in need within our own school.

Since 2014, we have been coordinating a Christmas gift sponsorship program to help the underprivileged children in School District 303 receive gifts from wish lists that each child personally creates. We work with School District 303 social workers who gather wish list information from families they feel may need some assistance providing Christmas gifts for their children. These wish lists are comprised of a few toy ideas along with clothing and shoe sizes. Many of these kids are in need of basic things like winter coats, boots, gloves, socks, etc. In 2018, we were able to provide gifts to 443 children from birth up to 8th grade. This year, we are excited to be expanding our efforts. We estimate that we will be able to support more than 600 children.

Each year we host a gift wrapping event at our Excel Automotive Repair shop. The entire community is invited to come together to wrap the donated gifts and to celebrate the magic of Christmas. With help from several local community sponsors, we always have plenty of food, drinks and entertainment for the entire family. This is a **FREE** event open to the public and is a great opportunity to show kids about the importance of giving back. In 2018, more than 600 people came together to wrap over 2400 gifts!

Big Hearts of Fox Valley Committees are in the process of creating a few other events that will happen in the upcoming years. We're excited to include an event to benefit high school aged kids as well. Our future goal is to partner with all community individuals and businesses in order to achieve our goal which is to make the lives of the children around us a little brighter.

We hope you will join us in our efforts,
♥ - The Mobley Family
