Two upcoming Parent Universities:

Safety & Security in D303

9/26/18 - 6:30-8:30 p.m.

Thompson Middle School 6th Grade Center Cafeteria

An emergency or disaster can strike a school community at any time and can take the form of natural disasters such as floods, tornadoes, earthquakes or fires, as well as man-made accidents or criminal activity. When an event occurs during the school day, it is the responsibility of District 303 to care for and protect our most valuable resource: children.

On a regular basis, the school district works in partnership with local public safety and law enforcement officials on training and appropriate responses to emergency events.

As part of this Parent University program, presenters will discuss:

- Secure building entrances
- Visitor Management
- Communication
- Weather Alerts
- Drills and evacuation plans
- Lesson Plans

In addition, we will show an interview conducted by the Illinois Principals Association with Dr. Seth Chapman on his research related to school shootings.

Presenters:

Dr. Seth Chapman, Assistant Superintendent for Business Services

Mr. John Baird, Assistant Superintendent for Operations

Commander Chuck Pierce, St. Charles Police Department

Showing & Discussion of the film *Angst*

10/10/18 - 6:30-8:30 p.m.

St. Charles North High School Auditorium

The purpose of the film *Angst* is to raise awareness and have conversations about anxiety. It features candid interviews with kids who have struggled with anxiety, as well as discussions with mental health professionals. At the end of the film there will be a 30 minute panel discussion led by the D303 Counseling Team.

As part of our agreement with the production company, we are able to show the film in both middle schools and both high schools during the week of October 8. This will provide parents and students an opportunity to have conversations at home about what they saw. To register for this event, [click here](#).
