#### **Gr. 3 and 5 Cognitive Abilities Test (CogAT)**

Between November 5 and November 16, 2018, 3<sup>rd</sup> and 5<sup>th</sup> graders will be taking the Cognitive Abilities Test (CogAT). The test consists of three short sections, 40-45 minutes each.

The CogAT is not an achievement test. Instead, it measures a student's reasoning abilities, which can facilitate his/her learning and problem solving. CogAT scores report an individual's verbal, quantitative, and nonverbal reasoning abilities. The test scores may be used to adapt instruction and programs to the needs and abilities of students. Information is also used as a piece of information for student programming such as Academically Talented.

You will receive a report with your child's performance on these tests in January. We appreciate your support of our academic program and your partnership in facilitating your child's learning.

Please feel free to contact me at 331-228-6637 or [jarrod.buxton@d303.org](mailto:jarrod.buxton@d303.org) if you have any questions.
